

Athanassios G.Kefalas

He is a Mining Engineer-Metallurgist, alumni of The National Technical University of Athens and an executive of S&B Industrial Minerals S.A. since 1981.

His current position is Bentonite Division Operations Manager, responsible for the bentonite upstream operations in Greece and abroad and acts, also, as Milos Site Manager for the S&B corporate activity on Milos Island. Part of his accountabilities as Milos Site Manager is handling local community affairs and developing relationships of cooperation between the local community and the Company.

He has been a member of the organizing committees of many congresses held in Milos and is, ex-officio, a member of the two governing bodies of "Milos Conferences".
